Where Careers Begin

Cosmetology

The Cosmetology program is a **60 credit, 2 semester, 1,500 hour** program. Through the use of lecture and hands-on practice, this program provides basic training in hairstyling, esthetics, and nails. The hairstyling portion of this program covers hair cutting, coloring, styling, and chemical texture. In the esthetics courses students learn: facial massage, skin care, facial make-up, and hair removal. During the nails portion of the program students will learn nail care including manicures, pedicures, and artificial nails. Students gain valuable real-world experience working with customers through TCR's on-campus salon.
